2025~2026 Korean as a Foreign Language Program

Published in
April 2025

Since starting Korean Education as a foreign language from 1988, Ewha Language Center has been a professional educational institution, for more than 30 years, continuously developing curriculums, teaching methods, and textbooks. We support foreign students to focus on learning Korean by developing various textbooks such as 『New Ewha Korean』, which is a newly revised version of 『Ewha Korean』, along with 『Essence Ewha Korean』, 『College Korean for international students』. With delicate student management, we aim to facilitate Korean language learning. There are students from all over the countries with diverse age groups, studying Korean language and Korean culture. **Start Korean with us at Ewha Language Center!**
